Games With Grant, Ela to End Season; Split With Glenbrook

Sequoits Lost to Wauconda There for Second Time 1 to 4

Antioch High fell before the 2-hit pitching of Vernon Lincoln at Wauconda yesterday to the tune of 4 to 1, making it the second loss to the Bulldogs and bringing the Sequoit standing for the conference season 4 victories and six losses.

Pyles for Antioch had a bad second inning in which four hits and two walks spelled four runs for Wauconda and a lead that the Sequoits could not overcome. Lincoln held Antioch scoreless until the seventh inning. The game was a fast one, lasting but 1 hour and 35 minutes.

The LaBrose brothers, freshmen, are scheduled to pitch today against Fenton, weather permitting, and Pyle against Grant Friday.

Antioch 0 0 0 0 0 1—1 2 1
Wauconda 4 0 0 0 —4 8 1

After splitting two games with Glenbrook last week, Antioch High's baseball team will wind up its season here Monday playing Ela-Vernon. Other games were rained out.

A game with Wauconda, rescheduled three times, was again scheduled for last evening.

Today a double-header with Fenton is expected to take care of a game with that team that was rained out, and tomorrow the Sequoits will play their return game with Grant, weather permitting.

This has been one of the worst seasons from the standpoint of weather in many years.

"We didn't get in our 12 days of practice," said Coach Larry Leon, who said that would be all the time (continued on page 5)

Kirchmeyer Gets Permit To Build Apartments

Ken Kirchmeyer will erect his two new apartment buildings on North ave.

The Antioch contractor was given his permit Tuesday evening to put up two new units of six apartments each on the south side of the avenue which is on the north edge of the village limits.

Kirchmeyer will extend the sanitary sewer to his property after the village has extended it 30 feet to North Ave. from Highland ave. He will then be privileged to charge others who connect to the sewer. Water also will be extended to his property.

Plans are made to complete them this summer and they will be offered as rental property.

Robert Pickus to Speak At Lions Meeting Monday

Robert Pickus, former director of Peace Education for the American Friends Service committee will address the Antioch Lions club at its dinner meeting 7:15 p. m. Monday at the Rurallite.

The Service committee is a branch of the Quakers that works through political channels.

Pickus is at present on the faculty of Chicago University where he teaches sociology. He is author of A Study of Modern War and Speak Truth to Power. He is also an associate editor of the Liberator, a magazine which explains new roads in social and political thought.

Pickus is a Fulbright scholar. In 1949 he walked and hitchhiked through Europe, the Middle East and South Asia. He is now writing a book which is a study of Ghandian and Christian approach to war.

Earlier Publication Day

Because of the holiday, Memorial Day, next Thursday, the Antioch News will be published on Wednesday, a day earlier than usual. All advertising and news must therefore be submitted earlier.

Emmons School to Hold Open House Sunday and Graduation on Monday

Emmons School, District No. 33 will hold open house on Sunday from 2 p. m. to 5 p. m. All members of the district and interested parties are cordially invited to view the new building, which contains three new classrooms, all purpose basement, and lavatories.

On Monday, May 27, at 8 p. m., Emmons school will have its first graduation in several years. There are seven graduates in the class. The Rev. Edmond Hood of St. Ignatius Episcopal Church will give the invocation. County Supt. of School W. C. Petty will be guest speaker. Miss Olive Dobson, county music teacher, has arranged a vocal program. The graduation is open to the public.

The district will hold a referendum June 1 to decide whether or not the educational tax rate shall be increased to 82 cents on the \$100 assessed valuation to provide revenue for an additional teacher to take care of the growing enrollment.

Rainfall Nearly 6.5" For May Near Record, Farm Work Hindered

Rain has fallen on 12 days this month and the amount already is well over the 6-inch mark, making May one of the wettest on record.

A half-inch rain last evening brought the total to 6.48 for the month which is more than is usually recorded here in two or three months depending on the season.

The record of Co-operative Observer Roy Kufalik shows a deluge of 2.25 inches on May 10 and 1.08 inch the following day, for a total of 3.33 or half the total in the two days alone.

The highest temperature for the month was 85 on May 1, with 80 on the 8th and 81 yesterday. The lowest temperature was 32 degrees when ice was frozen on May 5.

Since May 16 the maximum and minimum temperatures and rainfall have been as follows:

Date	High	Low	Rain
May 16	55	35	
May 17	48	41	.08
May 18	48	43	1.05
May 19	45	42	1.02
May 20	51	42	
May 21	73	40	.03
May 22	81	60	.25
May 23			.54

While the rain has been good for pastures, it is now retarding the planting of spring crops. Creeks are over their banks and lake waters are high.

Area Boys Injured in Car Crash Last Friday

It was necessary for Theodore Schmidkonz, 14, of Rural Antioch to undergo surgery Monday at Kenosha to correct injuries received Friday night when a car driven by James Baldwin, 17, of Kenosha, ran into a dead-end road north of Kenosha County Trunk C, struck a fence and rolled over with him and three others in it.

Joe Kay, 19, Trevor, also was hospitalized, William Ladefik, 18, Lake Villa received chest injuries and Baldwin, the driver suffered cuts about the ears.

Schmidkonz' injuries were to the elbow and shoulder.

Frank Feiler, 71 of Felter's Subdivision Buried on Wednesday

Funeral services were held Wednesday at the Leo Brieski Chapel, 2859 Southport ave., Chicago, for Frank Feiler, 71, of Felter's Subdivision, Lake Catherine, who died at 10:30 a. m. Sunday at his home following a year of poor health.

Burial was at St. Joseph Cemetery, River Forest.

Born Aug. 26, 1885 in Chicago, Mr. Feiler, an apartment house janitor, retired and came from Chicago to this community four years ago. Surviving are his widow, Magdalena, a son, Frank N. Feiler, Turner dr., Antioch, and a daughter, Mrs. Catherine Jaeger, Skokie. There are four grandchildren.

A brother, Jacob Feiler, lives in Chicago.

Mrs. Seyfarth Third Among 171 in Ladies Handicap Tournament

Mrs. Ruth Seyfarth, Antioch, placed third in the Ladies Handicap Singles conducted recently by the Antioch Recreation, which was won by Frances Wehrenberg of Mundelein with George Suydam of Libertyville, second.

Mrs. Seyfarth with a handicap of 60, cleared 530 pins for a total of 610.

The winner outdistanced all competitors with an actual score of 578, plus the pickup of 72 pins on the handicap for a total of 650. Miss Wehrenberg won \$100 prize money and the second place winner, Mrs. Suydam, received \$55. Mrs. Seyfarth's prize money was \$35.

Other Antioch winners were Marge Anderson, 11th, \$8; Bernice Soladay, 12th, \$8; June Schneider, 13th, \$8; June Dressel, 18th, \$5; Alice Bushmole, 19th, \$5; Vi Koppen, 23rd, \$5; Cerelda Jung, 26th, \$5; Mabel Byrne, 27th, \$5; Shirley Gutowski, \$5; Flo Strametz, 32nd, \$5; Irene Noble, four way tie for 33rd, \$2.

Grass Lake School To Graduate 17 at Exercises Tomorrow

Seventeen eighth grade pupils of Grass Lake School will be graduated in exercises at 8 p. m. tomorrow at the Antioch Grade school auditorium.

State's Atty. Tom Moran will give the address.

The seventh and eighth grade pupils will form a chorus in singing "Peace," by Koschal, "Your Land and My Land," by Romberg, "Faith Unlocks the Door," by Scott, and "Holy, Holy, Holy," by Dykes, under the direction of Miss Olive Dobson.

The diplomas will be presented by Wayne Barker, board member, Robert Willett is the teacher.

The invocation and benediction will be given by the Rev. H. C. Benson of the Antioch Methodist Church.

Following the exercises a reception will be held at the Grass Lake school for the graduating class, their parents, and friends.

Members of the class are Robert Anzinger, Wayne Barker, Charlene Bogaerts, Richard Burke, Lance Davis, Robert Dunlop, Susan Hookham, Richard Houdeshell.

Lester Hribar, Faith Kuchta, Georganne Latham, Mary Miller, Paul Reichard, Emily Reichenbach, Arlad Shunneson, Patricia Teml, and Sandra Waldweiler.

Memorial Hospital Expansion Fund Drive Will Start Soon

Leaders in Area Memorial Division of the \$575,000 Memorial Hospital Expansion Fund campaign were named yesterday by Division Chairman A. B. Rewald.

Kenosha county is under the leadership of Elmer Scherrer, of Scherrer Construction Company New Munster.

Campaign officials have pointed out that more than 70 per cent of the patients at the hospital now come from that area outside the city of Burlington.

The target date for the Area Memorial Division kick-off is the week of June 10. "Before that date," Rewald said, "we will be telling the hospital story to everyone in the area through newspaper reports, radio newscasts, printed materials and the work of our fine Speaker's Bureau of informed volunteers."

In accepting the posts, the County chairmen said they would build their volunteer organizations along the lines adopted in successful hospital campaigns throughout the country—that of seeking Living Memorials as gifts from the people of this area in order to enable Memorial Hospital to meet greatly increased patient demands.

Good Review Sells Books

Many orders have been received by the Lake Villa PTA for its recently published cook books as the result of a favorable review by the Chicago Tribune. The orders have come as far away as Indiana and Michigan. Wisconsin and Illinois orders were received in numbers. A few copies of the book remain to be sold. Profits will go toward the purchase of a new backdrop for the Lake Villa school stage.

Herman Holbek Named Village Trustee to Fill Vacancy Left by Mayor

Cunningham Makes Appointments; Ins., Sewer Contracts Awarded

Herman Holbek is the new member of the Antioch Village Board, filling the unexpired term of Mayor Cunningham.

He was sworn in during a session of the board Tuesday evening by President Murrill Cunningham. Holbek, proprietor of the Ben Franklin Store, is serving his first public office, never having been a candidate. He is widely known however through his work on the Antioch Rescue squad which he founded and of which he is captain.

With the vacancy filled Mayor Cunningham announced re-appointment of the appointive officers and the appointment of the board committees as follows, the first named serving as chairman:

License—Bernard Osmond, Herman Holbek, and E. H. Glenn. Streets and lighting—John Blackman, Holbek, and George Garland. Sewer and Water—Glenn, Garland, and Osmond.

Finance and Auditing—Edmund F. Vos, Garland and Osmond.

Printing and Publishing—Holbek, Osmond, Vos.

Purchasing—Members of committees for departments.

Public Building—Vos, Blackman, Glenn, and Holbek.

Salaries—Glenn, Blackman, Vos.

Dr. James Kopriva will serve as health officer in the place of the late Dr. D. N. Deering. The village president also is a health officer.

Walter I. Scott was re-appointed chief of police and building commissioner. E. C. Jacobs will serve as attorney, Charles P. Mapletor as superintendent of water and sewer; Emil R. Ehner, superintendent of streets; E. F. Vos, director of public grounds and buildings, and E. S. Simonson as fire chief.

The board awarded the liability insurance contract to S. Boyer Nelson on his low bid of \$993.98. Another bid from Charles Cermak amounted to \$1,716.11. Although there were variances in both bids the Nelson bid was clearly the lower. He has been the low bidder in recent years.

Arthur Laursen will be awarded the contract on the installation of a sanitary sewer from the Scout House paralleling Poplar St. to the sewage disposal plant on his low bid of \$1,551. The sewer will relieve the Main St. sewer.

Much discussion was given to storm water sewers in the Scout House area, but no action taken because the price of tile was not known.

The A and A Taxicab Co. was given a new stall on Lake St. west of the D-X Service station. It replaces the one on Main St.

Norman Jedele again will audit the village books.

Offer to Paint Water Tank

The John H. Greenlee Elevated Tank Service of Cherry Valley, Ill. represented by Robert Ledyard, offered to clean and repaint the village water tower for \$1,245. In the absence of the village attorney, the board while seemingly willing to accept the offer, would not sign the contract until it has been studied.

The Greenlee firm is offering to clean the interior, paint it with asphalt, scale and paint the exterior and tower. It will be necessary to block off nearby streets four days and because of the summer traffic the matter may be delayed until fall. The matter will be acted upon at the next regular meeting.

Antioch Milling Co. Adds Firestone Line

George Wagner, proprietor of the Antioch Milling Co. of Main st., has added the Firestone line of products to his business and has announced a grand opening starting today.

A show room, 50 x 30 feet, that formerly held poultry supplies is now used to display Firestone tires, and lawn equipment. Home appliances will be added and eventually Wagner hopes to have the complete line of Firestone wares.

The Antioch Milling Co. was founded in 1918. Wagner took employment with the firm in 1932 and headed it since 1938.

Massachusetts has no major river basins. It gets its electric power from fuel plants, rather than hydroelectric installations. But, up to June 30, 1955, Massachusetts taxpayers had put up nearly \$226 million for multi-purpose river basin projects.

How can this be? The answer is that the projects were built by government in other states, and partly financed with Massachusetts money. And what is true of Massachusetts is true throughout the country. About 20 per cent of the power users of this country get power from government plants. The remaining 80 per cent get it from independent utility companies—and they help subsidize the power bills of the 20 per cent.

They do that in various ways. Socialized power is wholly free of federal taxes. It is also either wholly free of local taxes or pays relatively small sums in lieu thereof. The socialized power projects get all manner of special privileges from the government, at the expense of the general taxpayers. To make this sorry matter worse, socialized federal power is sold under a preference clause, which gives first rights to public bodies—municipalities, co-ops, public power districts, etc.—which also usually pay little or nothing in taxes. Customers of the independent utilities can have only what is left, if any. So they become second-class citizens in this—except when it comes to paying the taxes!

Socialism sure is expensive—both in money and in liberty.

Where Women Are Wiser

The largest single group of shareholders in American enterprise consists of housewives and women who have no jobs, such as widows. They account for more than 34 per cent of all the shareholders in the whole country.

That rather remarkable fact is reported by Virginia Kachan, of International News Service. Miss Kachan goes on to tell more about women as investors. For example, women take a different attitude in buying stock than do men. The head of a large brokerage firm told her: "A man with \$1,000 comes in with an apology for the smallness of the amount and asks if we will consent to take him on as a client. But a woman comes in with \$200 or \$300 and wants to know what we have to offer."

In this instance the woman is far wiser than the man. The age when stock investment was limited to those with big money has long passed. Today all established brokers extend the welcome mat to people with small sums they wish to put into stock. Some time ago a Monthly Investment Plan, popularly known as MIP, was started and has met with an enthusiastic public response. Under it, a person can put aside modest sums each month or quarter, and gradually increase his share holdings on a pay-as-you-go basis. If he stops, for any reason, he

doesn't lose—he gets whatever number of shares he has paid for.

We have reached the point in this country where almost everyone, if he wishes, can become a capitalist, owning shares in America.

The Post Office Problem

The financial problems of the post office department have been in the headlines. The Postmaster General had to go to Congress for a \$47 million deficiency appropriation to carry the department through this fiscal year, and he estimates that, unless rates are raised, the deficit in the next year will reach \$851 million.

Writing of post office troubles in the New York Times, Jay Walz points out that Congress has this broad problem on its hands—should it treat the post office as a business or as a public service? Mr. Walz adds: "If it is business, then postage charges should be raised until the post office can pay its own way. . . . But just recently a Senate advisory committee turned in a report saying the post office is mainly a public service and its deficits are, therefore, not deficits at all, but expenses to be absorbed from taxes."

This "public service" argument may have validity when it comes to carrying matter which contributes to public knowledge and entertainment, and which is not in direct competition with existing private business. But is has no validity in the case of at least one service—parcel post. Parcel post is not a basic postal service function—it did not come into existence until 1913. The law creating it specified that it should be self sustaining and that it should not unnecessarily compete with private parcel or express organizations. But the fact is that it is in direct competition with such organizations, on a tax-subsidized basis—and that during much or most of its life it has operated at a deficit.

Here is one place, at least, where the charges for a post office service should fully reflect and cover all the direct and indirect costs of providing that service.

Big Things and Little Things

Here is a sound rule-of-thumb that every householder can profitably follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, statistics show, the cost of home building has just about doubled. So, if your home fire insurance policy dates back to that or some comparable time, you can imagine what could happen to your pocketbook if fire strikes.

What is true of the home itself is true of practically everything inside of it. For instance, the cost of household furniture, women's clothing and dinnerware—items found in every home—has more than doubled since 1940. The cost of washing and sewing machines has almost doubled. A similar inflation in the cost of the "little things", like books and bedding and curtains and so on has taken place. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for every householder to consult his local insurance agent and bring his coverage up to date. In many cases the householder will find, to his pleasure, that adequate insurance may not cost him much more with a new combined or single policy than he is now paying for inadequate insurance through two or more separate policies.

Got a job for this giant killer?

Here's proof of the reserve strength in GMC's 370
that pays off in any operation.

GMC 370 rated 19,500 GVW—
22,000 with optional H.D. front axle.
206-hp V8 or 140-hp Six.

DEEP in the pine woods, this 2½-ton GMC, with locally added trailing axle, wades into a pile of forest giants, using its power take-off to flip 1,000-pound logs onto its back. In ten minutes it has a staggering load—and practically no road to haul it over.

You may never need to subject your trucks to such grueling service, but experience like this is your assurance of stamina and reserve strength far beyond normal requirements.

And the GMC 370 can be yours for hundreds of dollars less than comparable competitive trucks. Just check with your GMC dealer.

HUB-DEEP RUTS, soft ground, down and up ravines, it totes a Herculean payload day in and day out in the timberlands of North Carolina. Five trips a day, six days a week the year around—and it stays a stranger to the repair shop!

SOCIETY EVENTS

Girl Scouts Establish Sea Scout Troop

The Lakeside Girl Scout Council announces the establishment of Sea Scout Troop No. 66, the first such troop launched in this area. The charter members of this troop are Mary Kay Brown, Kathleen Kostelny, Sharon Berliner, Jean Palmer, Charlene Garrett, Julie Rohweder, Normandie Durling and Linda Giles, all of Venetian Village, with Mrs. James Rathbone as "Skipper" and Mrs. Bert Henry as "First Mate."

The girls held a successful bake sale in Lake Villa in preparation for the "launching" scheduled to take place June 4. The Women's Auxiliary of the West Milwaukee Community center, sponsors of the troop, presented the troop with flags and standards, and furnished the leaders with uniforms.

Civil Defense plays an important part of the program, with a regular schedule of sky watching at the water tower in Round Lake.

The girls have many plans made for outdoor activities throughout the summer, such as overnight camping, boating, water skiing and excursions to nearby points of interest in conjunction with the Sea Scout program.

Lake Villa Intermediate Troop No. 39 will hold their last weekly meeting of the season with a Troop Birthday Party on May 23.

The troop is making plans for a meeting on the last Sunday of each month during the summer vacation for outings and recreational activities.

Venetian Village Brownie Troop No. 30 will end their meetings with a wienie and marshmallow roast on Saturday, May 25. Singing and games will make the day complete. Their next meeting will be held after school reopens in September.

May 30, the Lake Villa and Venetian Village Girl Scouts are to march in the V. F. W. Memorial Day Parade in Lake Villa.

WANDA BARTHEL PRES. OF EVE. CIRCLE

Srch Valedictorian and Riihimaki Salutatorian, A.T.H.S. 1957 Class

Antioch High School officials have announced that Richard Srch and Richard Riihimaki are the valedictorian and salutatorian of the 1957 graduating class.

Richard Srch is the son of Mr. and Mrs. Henry J. Srch of Beach Grove road, Antioch. Richard was selected for the Antioch chapter of the National Honor Society in his junior year. He has been consistently on the high school honor roll for scholastic accomplishment.

As president of the Athletic club, Richard served as a representative in the Student Council. He has been a member of the Latin Club and the Science Club the past two years, and was treasurer of the Sophomore class and vice president of the Senior class.

Richard has been particularly interested in athletics during his high school career. He was out for baseball, track and football.

Richard's hobbies are fishing and boating. Though he has not selected a college, Richard plans an engineering career starting in September.

Richard Riihimaki is the son of Mr. and Mrs. Vernon John Riihimaki of Deep Lake, Lake Villa. Richard has been one of the outstanding honor students in high school during his four years. He has been on the honor roll during the past four years for academic attainment. In his Senior year, the faculty selected him for membership in the local chapter of the National Honor Society.

Besides his scholastic achievement Richard has been vitally interested in reading, golf, photography, collecting stamps and constructing model aeroplanes.

He has been a representative of Student Council and recently has served as vice-president of the Science club. In his Sophomore year, Richard was out for the baseball team.

Richard expects to follow a science career in college and will report this fall for higher education in a nearby university.

Commencement Speaker Has Rare Qualification For Educational Work

Robert H. Hanke, commencement speaker for A. T. H. S. who is superintendent of Mooseheart, and director of education of the Child City schools, is highly qualified to administer the educational affairs of the younger children of that unusual "Child City."

A Mooseheart graduate himself, (Class of '31) "Bob," as he is affectionately known to teachers and students alike, was born in Freeport, Ill. on July 9, 1911. He and his family came to Mooseheart in 1914.

Upon graduating from the "Child City," Hanke rounded out his education at North Central College, Milwaukee State Teachers College, Northern Illinois State Teachers College, and the University of Wisconsin. He joined Milwaukee (Wis.) Lodge No. 49, Loyal Order of Moose in 1933. During World War II, Hanke instructed Army Air Corps personnel as an assistant professor at Beloit (Wis.) College. Mr. Hanke has Master of Science degrees from both University of Wisconsin and Northern Illinois State Teachers College. Mr. Hanke is listed among outstanding educators in "Who's Who in American Education."

Hanke is a Legionnaire, the second degree of the Moose fraternity, is Editor of the Mooseheart Alumni Quarterly. In addition to his membership in the Moose, Hanke is a member of the Lions and Masons. He maintains his home in Batavia, Ill., with his wife, the former Carolyn Guinn, Mooseheart graduate (Class of '32) and his three children.

Mr. Hanke is a member of the Board of Education of the Batavia Public Schools.

William Wolski of Camp Lake Victim of Heart Attack Tuesday

William Wolski, a retired resident of Camp Lake near Trevor, Wis., died at 2:30 p. m. Tuesday at his home following a heart attack.

The Antioch Rescue squad was called, but found the elderly man dead on arrival. He was working in his yard when stricken.

A former resident of 3519 W. Wolfram St., Chicago, Wolski had lived at Camp Lake with two daughters since retirement.

Surviving are the children, Florence Sack, Louise Engelthaler, Gertrude Hardin, Clara Johnson, Elizabeth Vesta, Virginia Farwick, Dolores Echert, Elaine Bartly, Laverne Rasmussen, William and Edward Wolski of Chicago.

There are 24 grandchildren and seven great grandchildren. The funeral service will be held at 9:30 a. m. Friday at Our Lady of Grace church with interment at St. Adalbert's cemetery. The body rests at the chapel 3630 W. George St., Chicago.

Governor William G. Stratton has sent a letter of congratulation to Mrs. Clara Westlake of Antioch on the occasion of her eightieth anniversary.

Enlarged Fact Finding Committee to Hear Report of Sub-committees Next Wednesday

A revised committee membership of the Antioch Area Fact Finding Committee studying the unit school system for this area has been announced by Robert Denman, chairman.

Sub-committees are in the process of obtaining information which will be presented at general meeting of the entire organization at 8 p. m. next Wednesday in the high school cafeteria.

Hearing the progress reports with the entire committee will be the Northwestern University resource person, Dr. Jack Childress and Dr. Robert Chandler, who have been employed to summarize, evaluate and correlate the information.

The enlarged Fact Finding Committee is as follows: Antioch Grade School — Elroy Anderson, Helen Kopriva, Polly Bruhn and Norman Jende. Grass Lake School — Mrs. Frank Walsh, Harry Jesse, Lester Hribar, and Frank Benes.

June 1 Final Date for Enrollment in 4-H Club

All girls in Lake County who want to enroll in this year's 4-H Club program should do so by June 1.

Home Adviser Mrs. Helen Volk suggests that, if you are interested and are between 10 and 18 years of age, you contact one of the local 4-H Club leaders in your neighborhood. Or you can call the county home adviser for information at Libertyville 2-4112.

So far, more than 550 girls are enrolled this year in the county's 36 home economics 4-H Clubs, Mrs. Volk says. She believes there are still lots of girls in the county who are eligible to take part in 4-H work but who are not enrolled. They may not know about 4-H Club work or they may not have been asked to join.

Lake County 4-Hers join in extending a hearty invitation to their friends and to all eligible youngsters in the county to join a 4-H Club and share opportunities and fun that 4-H is providing for them. If there is no 4-H Club in your area, Mrs. Volk says, it is possible for you to start one if you have five members and a club leader.

NATIONAL 4-H SUNDAY ON MAY 26

Spiritual values and character-building qualities in 4-H Club work will be especially observed on National 4-H Club Sunday.

4-H Clubs in Lake County will have special services as follows: Russell Roses 4-H Club will serve as the Choir for the 9:30 A. M. service at the Gurnee Community Church. Howe 4-H Club is planning a special program.

Home Adviser Mrs. Helen Volk says that 4-H Club Sunday has come out of Rural Life Sunday. The special Sunday was first observed in 1929 at the suggestion of the International Association of Agricultural Missions. It was soon adopted by the Home Missions Council of North America, by the National Council of the Churches of Christ in the

U.S.A. and by many other religious organizations.

Relatives Killed.....

(continued from page 1)

ton to attend the funeral and visit the injured. According to the report they received, Mr. and Mrs. Emmett Cunningham of Colorado and Mr. and Mrs. Hubert Cunningham of Farmington had gone from the village 8 miles distant to the Desloge farm home of Mr. and Mrs. Lawrence Cunningham.

They were just getting out of the automobile when the twister struck. They were carried some distance through the air and when found it was thought all were dead. Emmett showed signs of life, however, and was rushed to a hospital.

The Lawrence Cunningham farm home was destroyed and Mr. and Mrs. Cunningham, the hosts were badly hurt. Relatives were told they had a 50-50 chance for recovery.

Clint Cunningham of Millington, Mich., brother of C. E. Cunningham left Farmington, accompanied by his wife at the same time the Antioch relatives did, but planned to take two days for the return trip home. A sister, Mrs. Glen (Lois) Dennison of Farmington, did not accompany her brothers to the farm and was unhurt as the tornado did not strike the village.

Three communities were hit by the tornado and a total of 51 lives were lost.

Games With Grant.....

(continued from page 1)

his squad would have to prepare for games. Games unplayed this week cannot be replayed. In scheduling them Coach Leon had to consider examinations.

Coach Leon drew upon two freshman pitchers—the brothers LaBrose of Allendale in playing Glenbrook. Mike LaBrose, a right hander was credited with the 9 to 5 victory over Glenbrook here last Thursday. Appearing for the first time on the mound for the varsity he held the boys from Northbrook to four hits, two of them by Lind

and Deering going for extra bases.

Although Calkins went all the way for Glenbrook, the Sequoits got 12 hits, all singles.

After scoring three runs in the first and one in the fourth the Sequoits nailed down the victory with five runs in the fourth. LaBrose, himself, started the big push when he singled and advanced to third on Gudgeon's and Roach's singles. Christiansen beat out a bunt and two runs scored when the Glenbrook first basemen threw high to the plate. A walk, and another wild throw coupled with Ferdon's single to left accounted for the other three runs.

Freshman Bernie LaBrose drew the starting assignment against Glenbrook there and after yielding four runs in the first three innings, settled down and blanked the hard hitting Spartans until the seventh. In the meantime Antioch fought back with a three-run rally in the fourth and in the seventh scored again, tying the game up. A walk, an error, and an intentional pass filled the bases. Then Mike LaBrose replaced his brother on the mound and his first pitch went wild, allowing Lass of Glenbrook to score the winning run.

Played at Antioch.

THE WEEKLY NEWSPAPER IS THE LIFE OF ANY VILLAGE

Can you imagine what Antioch would be
like without a newspaper?

No way of learning about important hap-
penings; no place to publish your wants, your
legal notices or advertising, your news about
clubs, civic organizations, sports, and detailed
information in general.

Weekly newspapers are the most important
media of news dissemination for small communi-
ties. They are institutions without which com-
munities lose their individuality.

Read the Antioch News—subscribe for it
by the year and it will pay for itself many times
over through information giving financial ad-
vantages let alone the entertainment of general
news.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Tel. Elliot 6-4454

Catherine Kasting, Rosella McCarthy and Doris Blumenschein took several hundred dollars worth of clothing to Downey last Wednesday collected by the VFW Auxiliary of Lake Villa.

Mr. and Mrs. Joseph Botts and son, Danny, and Mrs. Lela Barnstable visited relatives in Marengo, Ill., last Sunday.

Mr. and Mrs. Ralph Abner and son, Terry of E. J. Lehmann Estates left last Saturday to visit Mr. Abner's brother in Missouri, who is very ill. While there Mr. Abner has suffered two heart attacks and is unable to return to his home here.

The VFW Auxiliary has collected \$343.10 to date for the Easter Seal campaign in the Lake Villa Township.

Walter Schneider, Sr., is spending a week in Canada.

Miss Ann Petru of Cicero is spending this week end with Mrs. Marie Hamlin.

Dr. T. Taucha has opened the office formerly occupied by Dr. Gindich.

Mrs. Bernard Schneider and family and Mrs. Fred Bartlett were visitors at the Norman Nelson home Sunday.

Mr. and Mrs. Lester Hamlin and daughter, Marilyn, spent the week end visiting their son, Bob, at Loras college at Dubuque, Iowa.

Mrs. Raymond Bartlett of Waukegan was guest of honor at a stork shower last Wednesday at the home of Mrs. Fred Bartlett, Sr. Fifteen relatives and friends were present. Mrs. Bartlett received many wonderful gifts. Co-hostess was Mrs. Carolyn Bartlett.

Mrs. Fred Bartlett spent Friday visiting her sister, Mrs. Nelson of North Chicago.

Ann Nelson entertained the canasta club at her home Monday. Out of town guest was Mrs. George Helm of Waukegan.

Sheridan Burnette of Antioch was a dinner guest last Tuesday at the home of Mr. and Mrs. Jacob Fish.

Don't forget the rummage sale Friday, May 24 from 1 to 8 p. m.,

and Saturday, May 25, from 10 a. m. to 8 p. m. at the Civic Ass'n. hall in Venetian Village. Bake sale on the 25th, in connection with the rummage sale.

Mr. and Mrs. Don Schlei and family of Wisconsin were dinner guests Sunday at the home of Mr. and Mrs. Joseph Botts and Mr. and Mrs. Leo Barnstable. Mrs. Schlei's father, Mr. De Selms, was a minister at the Lake Villa Methodist church 23 years ago. They also visited at the home of Mr. and Mrs. Charles Kelly.

The VFW District Encampment was held Sunday, May 19 at Elgin. Those attending from here are as Seccero, Mr. and Mrs. Alvin Ferdon, Mr. and Mrs. Russell Nickerson, Catherine Kasting and Rosella McCarthy.

Physical Education Demonstrated at Last P.T.A. Meeting of Year

The last meeting of the Antioch Grade School P.T.A. for the year was attended by 130 parents and teachers.

Mrs. J. J. Bruski, physical education teacher presented the different phases of the year's program from second through eighth grades. The fifth through eighth grades demonstrated games, square dancing, tumbling, and exercises that help to build lung power, muscles, coordination and sportsmanship. It was a very interesting exhibition.

Mrs. Warren Polley, historian, gave a resume of the activities for the year.

Mrs. Richard Whitacre installed the officers for the next year: President, Mrs. Glen Pierce; Vice President, Mrs. Arthur Meyer; Secretary, Mrs. Donna Barhyte; Treasurer, Mrs. Wendell Nelson; Publicity, Mrs. David Nissen; Historian, Mrs. Ronald Polson.

First prize for room count was won by Mrs. Barhyte's fifth grade, second prize by Mrs. Garland's sixth grade.

Refreshments were served by the kindergarten room mothers, Mrs. William Dow and Mrs. Kenneth Sheldon, assisted by Mrs. John Meyer and Mrs. Robert Griffin.

The first meeting of the 1957-59 year will be held Monday, Sept. 16.

Cub Pack Sees Movie On Fire Prevention; Plans Memorial Day

Cub Scout Pack 92 held a pack meeting at the grade school May 17. The local VFW post presented the flag ceremony.

Austin Kersten and Fred Gras did a very fine job. A 45-minute film on fire prevention was shown by Fireman C. Smith. A paper drive will be conducted by the Cub scouts May 25, starting at 9 o'clock. Call Cub Master Lee Ipsen at Antioch 282-J-2 if you can help the cub scouts.

There will be a practice for Memorial Day at the high school at 6:30 Tuesday, May 28. On Memorial Day cubs are to be at the high school at 9:45, in uniform.

Refreshments were served by mothers of Den 2 and 6.

Awards were made as follows: Bobcat—Patrick Hoffkamp and Carl Karraasch.

Wolf Badges—Mike Alsing, Gary Strahan, Eddie Fox, Steve Henning, Gary Williams, and Tom Homan.

Wolf Arrow Points—Mike Sterbenz and Gary Williams.

Bear Badges—Walter Henning, and Hugo Holbek.

Bear Arrow Points—Hugo Holbek, Dick Palmer, Bill Elsey, Dale Crandall, Kenny Nelson, Tony Badame, John Delaney, and Jay Bruski.

Lion Badges—Tony Badame, Mike Verkost, Patrick Hatfield, Walter Henning, Vincent Cassella, Dick Ualmer, Bobby Kolar, and Jim Barnstable.

Webelos—Jerry Berke, Gerald Kaminski, Tom Solar, Eddie Jahneke, and Don Woods.

Denner—Walter Henning, Den 2, Jim Earnstable, Den 6, Tim Proeme, Den 3.

Assistant Denner—Mike Hatfield, Den 3, Bob Schmidt, Den 6, Den Chief Cord—Randy Smith, Den 3.

George W. Whitnell Gives \$20,000 in Will To Lake Forest College

The late George W. Whitnell of Lake Forest included a bequest of a \$20,000 fund to Lake Forest College in his will, the income to be used for the purchase or renovation of books for the College library.

Mr. Whitnell stated that the gift is given "in genuine appreciation of my having been allowed to use the library in the early years of my life."

Mr. Whitnell, a retired farmer, enjoyed reading. He died in 1955. Mrs. Whitnell predeceased him; there are no children.

The fund will be known as the "George W. Whitnell Book Fund" as a memorial at the College Library.

Little League to Try For Opening Sunday; Rained out Last Week

The bad weather last weekend forced the Antioch Little League to postpone the opening of the 1957 season. The League will start the 1957 schedule Sunday, May 26, at 1:15 p. m. when the Yankees play the Sox. The second game will start at 3:30 p. m. and will see the Cubs pitted against the Tigers.

Presentation of trophies will be the same as planned last week.

The Little League schedule of games for next week is as follows: Sunday, May 26:

1:15 P. M. Yankees vs. Sox
3:30 P. M. Cubs vs. Tigers
Tuesday, May 28:
6:15 P. M. Tigers vs. Sox.

Newsweek reports that pleasure boating was a \$1.3 billion business in this country last year. There is now one craft of some kind for every 28 Americans and the number is increasing at twice the rate of passenger car ownership.

Honor Founder of Resort Owners Association

A. W. Shunneson, Channel Lake Boat house, second from left, is shown receiving from Mrs. Franklin Tuck, of Tuck's Bait shop, Squaw Creek, the gavel as the new president of the Resort Owners Assn., while Mrs. Tuck looks down at a plaque she received for being the founder and first president of the organization. At the left, seated, is Bill Ehmann, Illside Resort, Meyer's Bay, treasurer; and right, Mrs. Elsie Steitz of Stitz's Resort, Bluff Lake, secretary.

Grass Lake P.T.A. Officers Installed by Dist. Officer

Grass Lake Grade School P.T.A. officers were installed on May 20 for the 1957-58 season. They are—left to right: Mrs. William Goetz, vice president; Mrs. James Ferrier, secretary; Mrs. William Zale, treasurer; Mrs. Karl Hawkins, president and Mrs. Ray Boller, installing officer. Mrs. Boller is president of the Lake County Council of P.T.A.

These Women Will Guide The Antioch P.T.A. Next Year

New officers of the Antioch Grade School P.T.A. were installed on May 20 and are shown here from left to right: Mrs. Arthur Meyer, vice-president; Mrs. David Nissen, publicity chairman; Mrs. Glenn Pierce, president; Mrs. Donna Barhyte, secretary and Mrs. Ronald Polson, historian. Mrs. Wendell Nelson, treasurer, was unable to be present.

Miss Wehr Gets Typewriter as Gift

Miss Theresa Wehr who is ending her many years of teaching at Antioch Township High School was presented a gift recently at a party of the teachers given in her honor. She had expressed her desire for a typewriter. When she opened the gift box she discovered a paper-weight "typewriter." After the laugh shown here, she was presented a real portable typewriter.

Grass Lake P.T.A. Installs New Officers

New officers of the Grass Lake Parent-Teacher association were installed Monday evening.

They are Mrs. Karl Hawkins, president; Mrs. William Goetz, vice president; Mrs. James Ferrier, sec-

retary; and Mrs. William Zales, treasurer.

Health Talk

Personality Important in Total Health

All of us have personality. Whether it is good or bad depends largely on our ancestors, our environment and the way we develop. But since a good personality engenders good-will, everyone should strive to subordinate and control bad traits, particularly those that create ill-feeling and resentment in others. To have a good personality is to add a link in the chain of ingredients that make for total health, according to the Educational Committee of the Illinois State Medical Society in Health Talk.

What constitutes a good personality? Attitudes, personal habits, philosophy on living, particularly spiritual ideas, lack of subterfuge, and honesty in dealing with others form a capsule definition of a good personality.

Personality is the quality that makes you distinct from another. It is the characteristic that sets you apart in a group, giving you the power to radiate leadership and sincerity, attributes that apply in getting along with others, whether socially or in business.

The two divisions of good and bad personalities may be broken down into many segments. Medically, for example, you may have a psychotic personality, that is your attitude to reality is altered. Or you may be psychoneurotic or one who appears to live and act normally, but whose emotions are disturbed by emotional conflict.

Another type of personality makeup is found in persons who have strong aggressive tendencies, and who resort to any means to attain their personal goal, honestly or dishonestly. Some persons appear to have good personalities, in the sense they create the suggestion of a good disposition. This is the designing type who resorts to unfair strategy or scheming to achieve their selfish ends. Lying, fabricating or coloring of details are part of their equipment in "feathering their own nest." They are superficial.

Because every human being is different, emotionally and physically, accounts for the many types of personality. But a good person-

ality can be developed if the desire is sufficiently deep-seated. How can you go about it? First of all by being sincere, not only with yourself but with others. Play the game of life straight. Can you live with yourself? Is your conscience clear? Have you done nothing to create harm for those about you? Have you gone out of your way to do or say something pleasant, meaning it, so that you contribute just a little to someone's happiness?

Not everyone is going to like you. This is human nature, so understand it. But in your efforts to achieve a good personality, why not look for traits in others that you would like in yourself? You must like yourself too and if you can see something that will help improve your own makeup, this is a step forward.

Bad personality habits are just as unpleasant as the bad habits of slovenliness, uncleanness, untidiness, and careless speech. And they breed mental disease just as poor sanitation does filth and infection. But, if you try, you can eliminate these bad traits from your personality, just as medicine can overcome infection.

SUMMER FRUSTRATION

WHY DO SOME CARS BOIL-OVER DURING A HEAT WAVE?

ANSWER: FAILURE TO DRAIN AND FLUSH COOLING SYSTEM IN SPRING ALLOWS RUST TO FORM, CLOG RADIATORS AND CUT WATER CIRCULATION. ON HOT DAYS WATER TEMPERATURE MAY RISE PAST BOILING POINT.

DRIVING TIPS: DON'T TRAIL TOO CLOSE. THE HOT EXHAUST FROM THE CAR AHEAD CAN OVERHEAT YOUR RADIATOR.

Farmer's Debts Are Now on Par With His Assets

NEW YORK—For the first time in more than a decade, farmers' aggregate debts are on a par with their cash assets, according to figures compiled by the U. S. Department of Agriculture. Both totals are at new high levels, but debts have shown the greater rate of growth of the two in recent years, in common with the trend in the rest of the economy.

The Department of Agriculture estimates that farmers owed an aggregate of \$20.7 billions at the beginning of this year in mortgage and non-real estate debt, including Commodity Credit Corporation loans. At that time, their combined holdings of currency, bank deposits (checking and savings), U. S. Savings Bonds, and investments in cooperatives added up to an estimated \$20.4 billions.

Thus, when 1957 got underway, farmers had about 99 cents in cash for every dollar of debt. Relationships this low have not been seen since the early Forties. Back in 1950, for example, farmers had more than \$1.40 in cash or its equivalent for every dollar they owed. The proportion was even higher at the end of World War II, reflecting wartime prosperity which enabled farmers to save more than ever before during the period and at the same time to reduce their debts to the lowest levels in years.

However, the present relationship between financial assets and debts is still far better than it was in 1940, when farmers in the aggregate had only 50 cents in cash or its equivalent for every dollar they owed. Furthermore, other savings and assets in agriculture have increased greatly in recent years. Right now, for instance, three out of every four farm families own life insurance.

Medicine, Religion In Closer Accord

CHICAGO—American medicine and religion are in closer accord today than in any period in modern times, according to the Journal of the American Medical Association.

A special article and editorial in the Journal discusses the growing cooperation between our half million "men in black" and "men in white."

Perhaps this has happened because the individual is re-emerging from his "part of the mass" status, which came with the mechanization and specialization of society, the editorial states. With leisure time overtaking working time, the individual shines again, and he "wants to know more about himself and how he relates to all men and all things of all times."

A Chicago physician, who participated in a two-and-a-half-hour struggle to revive a young man whose heart had stopped, said "Actually, we never were sure throughout that we were completely alone in this thing. We knew we were getting some guidance."

Free Ports Bolstering Greater World Trade

WASHINGTON — Holland's free port at Amsterdam's Schiphol Airport is the world's second shopping paradise catering exclusively to air travelers. Shannon, Ireland—a stopover for most transatlantic flights—first adapted the free port concept to the air lanes in 1947.

Currently more than 100 free ports or similar facilities are maintained in 35 countries. While most are located in harbors, some are landlocked towns such as Linz, Austria, and Nogales, Mexico.

Following the modern trend, the majority of free-trade areas are tightly restricted zones within cities, inaccessible to the public. Only a handful of internationalized ports such as Hong Kong and Singapore still preserve the old free-wheeling traditions, with doors open to all comers and few or no duties imposed on imports.

Farmer Saves Chickens By Using Blinders

CHICAGO—A farmer in Holland discovered an ingenious solution to a familiar problem. When one of the chickens in his flock got accidentally pecked and began to bleed, others in the flock, excited by the sight of blood, would peck the injured one to death.

The farmer was losing a dozen chickens a week in this way until he had aluminum spectacles fastened to the birds so that they could not see ahead to attack each other but could still see downward and sideways. The cannibalism then stopped, and chicken production went up 20 per cent.

Silt-Laden

WASHINGTON—On an average day some half a million tons of silt ride the Colorado River down to Lake Mead, the huge reservoir created by Hoover Dam. During the flood year of 1927 the river carried 27,000,000 tons of silt past a given point in 24 hours.

The president of
D-X Sunray announces a
great new scientific discovery

D-X BORON

For many years intensive research has been devoted to the chemical element boron. Until recently boron has been little known to the public, but scientists have long considered it a potential source of great energy. This intensive research on boron has led to its use in jet fuels, and it is being tested now for powering intercontinental guided missiles.

D-X Sunray scientists have kept abreast of this research in an effort to produce a better motor fuel for you. Now, as a result of expanded research facilities, a ten-million-dollar investment in refining equipment, and hundreds of thousands of miles of test driving, we have perfected an entirely new motor fuel. I am proud to announce D-X Boron!

D-X Boron Motor Fuel is an extremely important discovery to every motorist. With D-X Boron you will enjoy more power per gallon than from any automotive fuel available today. D-X Boron will obtain maximum road performance from your car—new or old.

It has always been our policy at D-X Sunray to guarantee all of our products unconditionally. D-X Boron is no exception.

I personally invite you to visit your neighborhood D-X dealer and try this great new motor fuel today.

Most of Us Have Personal Interest In Stable Dollar

NEW YORK—The number of persons in the United States with a direct personal stake in a stable dollar through savings and other forms of personal thrift increased by several million last year and is now higher than ever before.

As a result of this trend, the overwhelming majority of American families and individuals now have the protection of some form of thrift, in life insurance and usually in other savings also.

The people's savings and protection funds have also reached new high levels. The figures show that the aggregate "nest egg" in life insurance and other accumulated long-term savings of individuals alone now adds up to around \$250 billions, the equivalent of approximately \$5,000 for every American household. This savings total is distinct from the amount of life insurance protection in force, which is more than half again as great. In the neighborhood of \$60 billions additional have been built up behind private and public pension and retirement programs to guaranty their fulfillment.

Our Economy Leans To Better Times

NEW YORK—The American economy has a strong propensity toward good times and prosperity, according to a study of the swings of business activity in the United States from the beginning of the Republic to date.

In this 167-year period, business activity has risen in 90 years and declined in 71 years, a ratio of close to five to four in favor of prosperity, according to data compiled by the Cleveland Trust Company. In addition, business activity was steady in an aggregate of six years.

The bias toward good times has improved since the nation's earlier days. The figures show that business activity declined about as much as it rose in the period from 1790 to the middle of the last century. Since then, business activity was on the upgrade in half again as many years as it went down, even with the decade of the Thirties which was the longest and deepest depression on record.

Married Folks Live Longer Than Single

NEW YORK—Married people live longer, and it isn't—as comics have declared—that it just seems longer.

Statisticians report lower mortality experience among the married than among persons who remain single, or those whose marriage has been broken by death or divorce.

The married have an advantage as to mortality at every period of life, particularly prior to age 45. Among males at ages 20-44, for example, the death rate for the married is only about half that for the single, and an even smaller fraction of the rate for the widowed or divorced.

The difference is not so marked among females, and it is only recently that married women have had a lower mortality than the unmarried at every age. As late as 1940 the death rate at ages 20-24 was slightly higher for the married.

Disaster Service Is Costly Necessity

WASHINGTON—What does it cost per year to help American families stricken in disasters?

According to the American Red Cross, it averaged out at about \$3,600 for every hour of every day during the last fiscal year. The total came to a whopping \$33,193,000.

This sum was spent on 290 relief operations conducted by the Red Cross.

Many Fishes

NEW YORK—More than 60 varieties of edible fish, some of them unknown elsewhere, are caught in the waters of the Bosphorus at Istanbul in Turkey. The fish in the Turkish Straits, which is reputed to be the most delectable in the world, lives and thrives between an underwater cold current from the north and a surface current from the Mediterranean. Caught between these two opposing forces the flavor of the fish is greatly improved.

ODDLY ENOUGH by WALDMAN

French kings sold the right to levy taxes to favored nobles who used torture, where necessary, to collect from the public.

When England put a tax on newspapers, during the wars with Napoleon, people formed readers' clubs to buy one paper and pass it around among news-hungry members.

The search for "painless taxes" goes on today. Taxes on gasoline—just raised to an average of 88 cents on every ten gallons—now cost U. S. motorists over \$4 billion a year. Gasoline today is actually cheaper than in 1920... except for the 41 percent tax.

Boy Meets Shoe Latch

Active youngsters, forever in a hurry, may trip over shoe laces, rip them, or not bother to tie them at all. But this is all changed now.

A new shoe fastening device called the shoe latch, recently developed, is bringing about a better day for active boys. Nothing to tear, nothing to thread, nothing to align. A simple press-down latch, adjustable to the foot, holds the shoe on firmly.

To open it—presto!—you simply pull it up. It is covered with leather and looks smart and neat. Youngsters love it, and so do mothers.

Give your car a new lease on life. A neglected car is an expensive car. Let us put your car in top condition.

The championship trophy was won by the Chain of Lakes Coffee, and the ABC Achievement award for the highest increase in bowling average went to Gene Barth of Park Lunch team. Walter Knizer and Don Brooks of Knizer's Channel Inn and Park Lunch respectively, were awarded the ABC triplicate Club award for having bowled three consecutive games of identical score. Wally bowled three games of 146 while Don rolled three games of 170.

The Owl League concluded the bowling season with the annual banquet, held this year at the Four Aces. League officers for the coming year were elected at the fete. Harold Wilson was elected president; Billy Woodral, vice-president; and Gene Barth, secretary-treasurer.

200 Lake Co. Cows
Qualify for 500 Pound
Club in State for 1956

Lake County ranks among the top Illinois Counties in the number of dairy cows qualified for the 1956 Illinois 500 Pound Butterfat Cow Club, according to Ray T. Nicholas, Lake County Farm Adviser. J. G. Cash, extension dairy specialist of the University of Illinois has just announced that 200 Lake County cows qualified for the 500 pound club. These cows are owned by 37 county dairymen who are members of the Lake County Dairy Herd Improvement Association.

Farm Adviser, Nicholas, reports that dairymen with the most cows to qualify for the 500-pound Butterfat Cow Club include Grace Roney Farm No. 1 with 27; Golden Oaks Farm, 21; Alfred Ames, 17; Henry Wegener, 13; and Rite-Way Products Company Farm, 10.

The highest-producing cow in the county was owned by Golden Oaks Farm. She produced 784 pounds of butterfat. Other cows in the top five were owned by Alfred Ames, 782 pounds; Grace Roney Farm No. 1, 779; Henry Wegener, 738; and Golden Oaks Farm, 718.

This is the 34th year of the 500-Pound Club. It was organized in 1923 to encourage good dairy practices and to focus attention on high-producing cows and herds in Illinois. Cows qualify automatically if they produce 500 or more pounds of butterfat in a 305-day lactation period or less and are reported by dairy herd improvement association supervisors.

Motion Sickness
Need Not Spoil
Family Vacation

CHICAGO—You don't have to worry about that old vacation bugaboo, motion sickness, according to a Minneapolis doctor.

Under most circumstances, motion sickness can be warded off, and even when preventive measures fail, drugs are available to give relief, Dr. John E. Eichenlaub said.

Motion sickness results from "too much nerve-tickling action" in the ear's labyrinth, the organ that helps a person keep his balance. Keeping the head steady reduces this action. The head can be steadied by leaning it against a headrest, bracing it in position with pillows or by focusing the eyes on the horizon.

It is not wise, he said, to focus on rapidly passing objects, such as autos or telephone poles, since the background seems to "dip and plunge." The same thing happens when one reads or does fancy work. It's all right to read if you choose big type, and periodically look away. Crocheting and knitting should be done only if you can do it without looking, he said.

Youngsters can be encouraged to focus on the horizon by playing animal-or tractor-spotting games, but not license-spotting games. This background dipping and plunging effect is probably the chief reason for extra risk of sickness in certain airplane seats, especially in those on the left side just back of the wing, he said. The plane usually turns left and when the passenger can see down but can't get a broad long view, he looks at the passing landscape with short, rapid eye movements.

So stay on the right, either front or rear, and keep the eyes on the horizon to minimize air sickness, Dr. Eichenlaub advises.

Eyesight Tests
Show Child's Need

NEW YORK—For some time Kansas has been conducting a statewide program of giving comprehensive eyesight tests to school children, tests which go much farther than a mere check with the old Snellen chart. The purpose is to screen out children with seeing faults and advise them to get eye care from specialists.

Results show that one out of every five of the Kansas youngsters had some visual trouble serious enough to impair his school work—and the children in other parts of the country are undoubtedly fully as deficient. Specialists, teachers, mothers, and high school student volunteers cooperate in giving the 20-minute tests.

Out of one group of 1,200 Kansas children screened, more than 300 revealed seeing troubles which had never been detected before. The ones which show up most frequently are nearsightedness, farsightedness, astigmatism, lack of depth perception, one-eyed seeing and glaucoma.

Women Better Spotting
Cancer Than Men

NEW YORK—The average housewife has to be fast on her feet to cope with all the high-pressure salesmen that come pounding on her door. She has to detect the good from the bad—the reliable from the phony. But this training, this ability to tell true from false is paying off in women's lives—this year 19,000 women will be saved from cancer who would have died a decade ago largely because they have learned to sift facts and do the right thing.

The result is that for the first time on record, less women than men are dying of malignant tumors. Women just can't be fooled by household remedies, by pills or secret cures for cancer. More and more they are heeding the advice of the American Cancer Society and going for regular physical checkups.

Oldest Annuitant
Is 104 Years Old

NEW YORK—The oldest annuitant on the books of the nation's life insurance companies recently celebrated her 104th birthday.

Miss Sarah A. Walker, who was born March 30, 1853, in Wayland (then Marshall), Iowa, and now lives in Los Angeles, California, has already received \$2.50 for each \$1 invested in the annuities in 1919 when she was 65. She bought three small annuities to supplement her other income resources and has been drawing income checks for 38 years.

At last count, there were 600 annuitants who had reached 95 years of age, and 40 of these were centenarians.

Palladium

NEW YORK—Palladium, one of the platinum group metals, resembles platinum in many respects. It is similar in appearance, has high ductility and strength but is little more than half the weight. Lightness is an advantage in some uses, notably for large pieces of jewelry.
